DUAL-SIDED PVC

innowood PLUS-DEK®

SUSTAINABLE TIMBER ALTERNATIVE

Refined Grain, Modern Appeal

30 Year Warranty

innowood PLUS-DEK®

SUSTAINABLE TIMBER ALTERNATIVE

THE BENEFITS OF COMPOSITE DECKING

Designed to compliment both contemporary homes and large scale architectural projects, PLUS-DEK brings warmth, sophistication and versatility to any outdoor setting. Its refined timber-inspired texture enhances a wide range of architectural styles, creating outdoor areas that are both functional and visually striking. The PLUS-DEK grain offers exceptional durability, fade resistance and long-term performance with minimal maintenance required.

Australian-designed and certified, its dual-sided PVC boards deliver refined timber tones, rich colour, and feature a P5 slip rating for enhanced safety. Backed by an impressive 30 year residential warranty*, this premium deking solution delivers lasting confidence for home owners, architects and builders alike.

*15 Year commercial warranty
